Living and Learning

13. PUT ON A SMILE

If You see somebody without a smile
Just give them one of yours,
If you see somebody who wears a frown
Find out what it's for.
We all can make a difference,
With just a little thought,
If you see somebody without a smile,
Give them one of yours!

Science

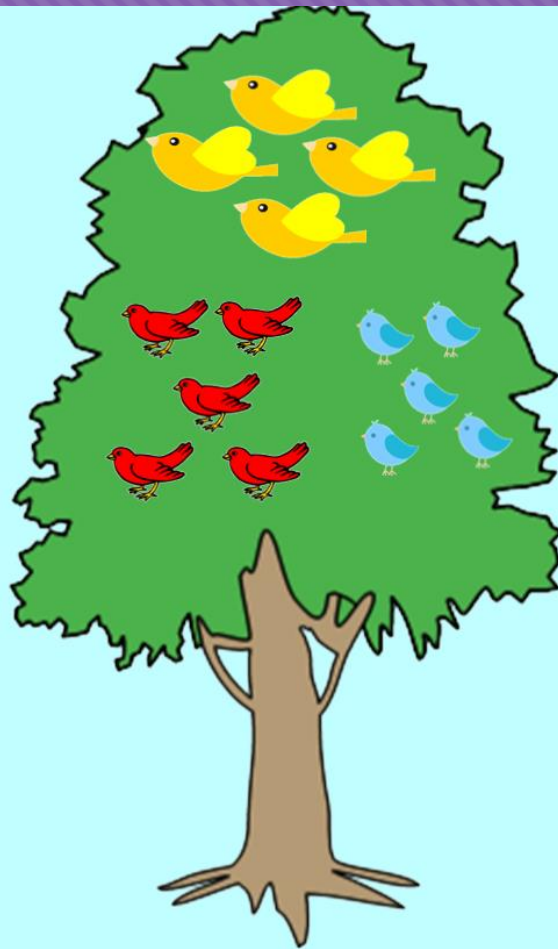

Maths

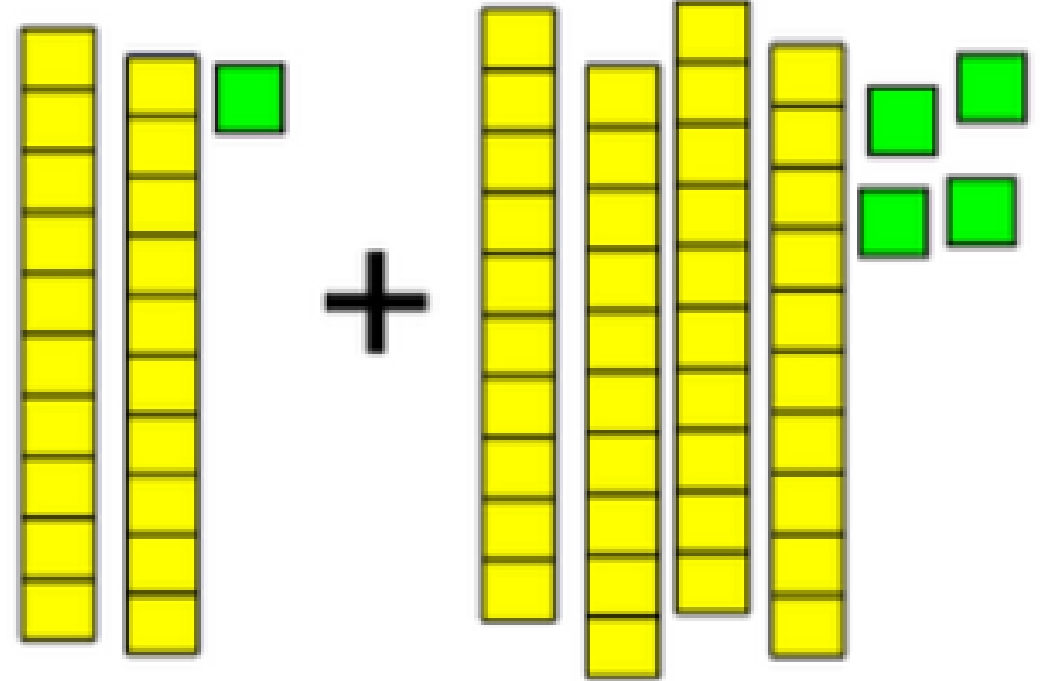

$$4 + 5 + 5 = 14$$

A red bracket under the two 5s in the equation points to the number 10 below it.

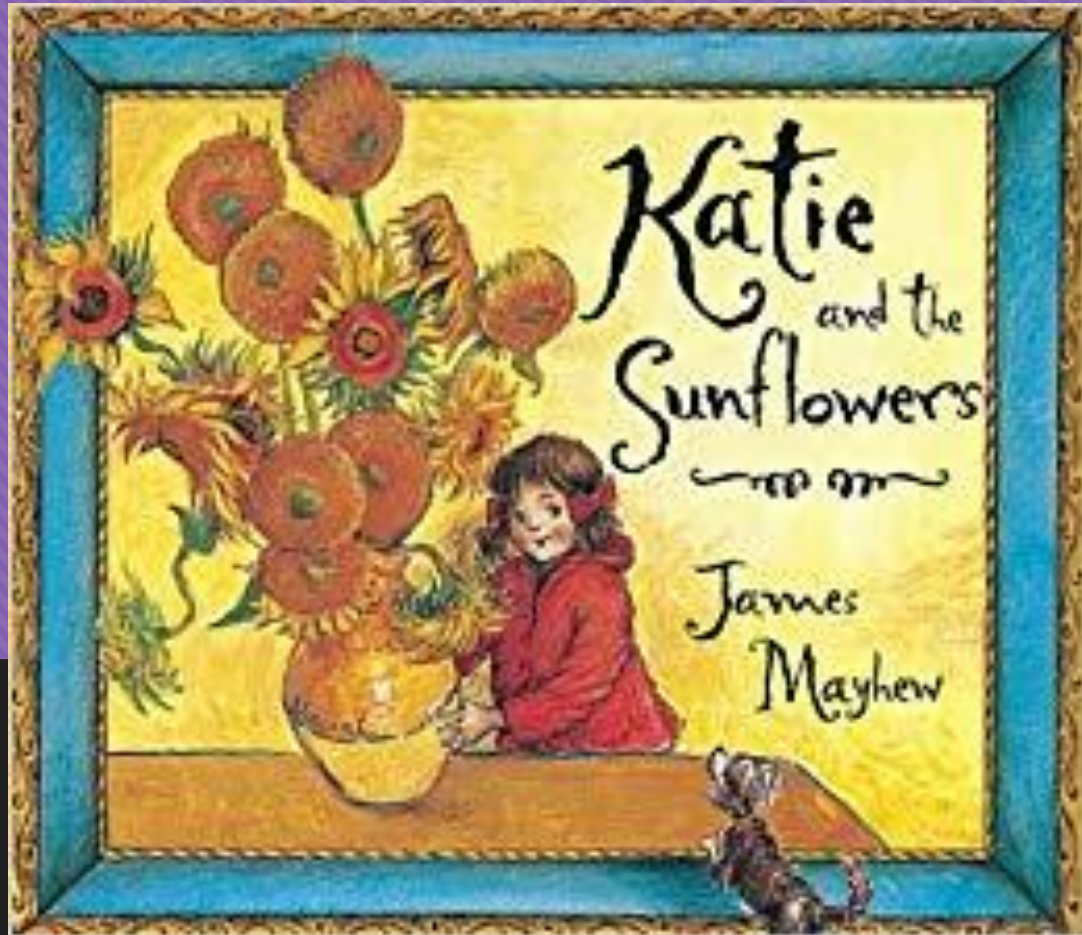

$$21 + 44 = 65$$

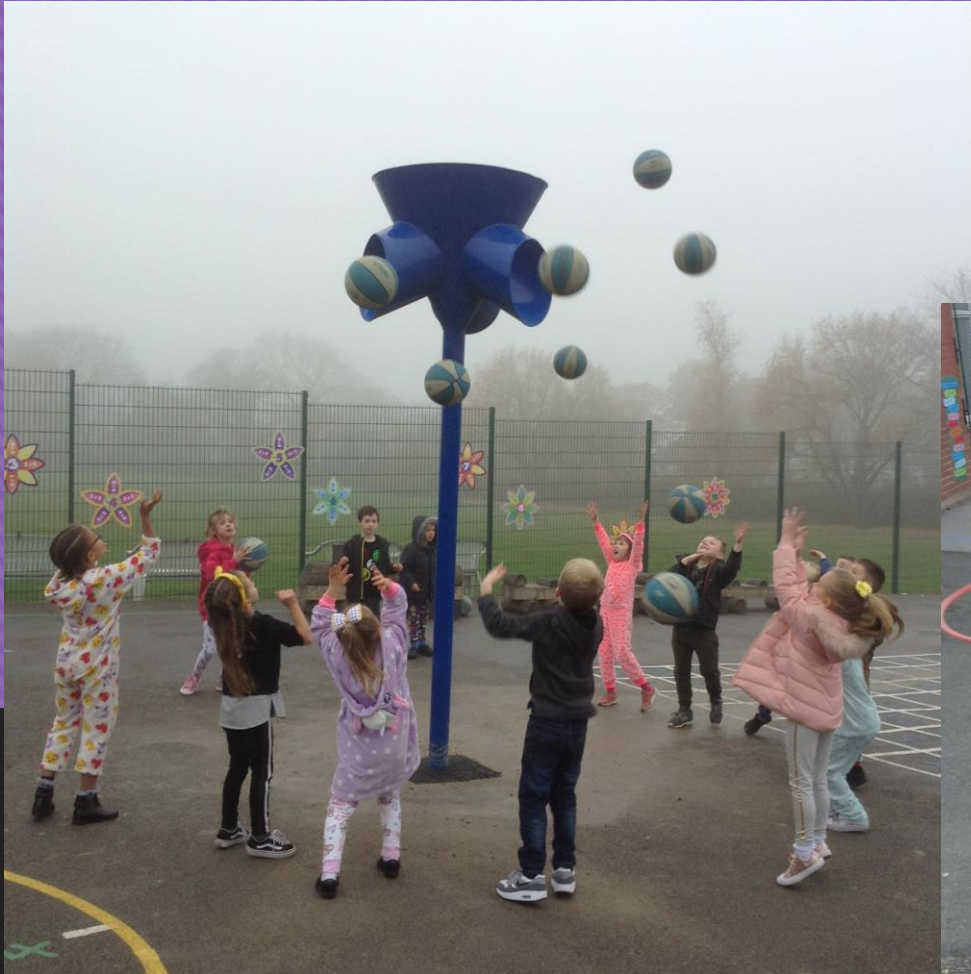

A blue bracket under the 21 and 44 in the equation points to the number 60 below it. A red bracket under the 44 and the 5 in the 65 below it points to the number 5 below it.
